

Magrabar MD-3000 Organic Compliant Antifoam

MAGRABAR MD-3000 is an antifoam in powder form that is suitable for use in organic foods. It is effective in carbohydrate and protein process streams and it can be blended into other dry powders to provide antifoaming action during reconstitution. The recommended starting dosage is 200 ppm in the foaming media which can be adjusted as necessary to achieve maximum efficiency.

MAGRABAR MD-3000 is formulated with natural waxes, certified organic vegetable oil and maltodextrin, emulsifiers and silicon dioxide. All of the components are certified organic or appear on the National List of the National Organic Program in Title 7 CFR Part 205.

The oil, waxes, and emulsifiers used in MAGRABAR MD-3000 are certified by their manufacturers to be derived from non-genetically modified crops. No NOP prohibited methods are used in the manufacture of the product. It is also formulated to be allergen-free under the Food Allergen Labeling and Consumer Protection Act.

MAGRABAR MD-3000 is Kosher and Pareve.

Typical Properties

Appearance	White Powder
Bulk Density: Loose	0.58 g/cc
Weight per 55-Gallon Drum	300 lbs
Solubility in Water	Disperses

Packaging

MAGRABAR MD-3000 is available in 55 gallon open head drums, FOB our plant in Morton Grove, Illinois.

6100 Madison Court
Morton Grove, IL 60053
